COMPLAINT IS FILED IN LUMBERMEN CASE

(By Associated Press) WASHINGTON, May 3.—Formal complaint was issued today by the federal trade commission against the Douglas Fir Exploitation and Export company and 107 officers and stockholders, who are lumber manufacturers in Oregon, California and Washington.

MUCH ACTIVITY NOW MANIFEST AT HORNSILVER

Red Top Property, Owned by Goldfield Men, Is Being Thoroughly Exploited.

Hornsilver is still an active little community and development has been inaugurated upon a number of properties during the past couple of weeks. The Red Top group of claims, owned by L. L. Patrick and associates, is receiving attention, and plans are under way whereby development will be prosecuted with vigor throughout the coming summer months. During the present week two small houses have been moved from Goldfield to Hornsilver, while a large quantity of lumber and other supplies have been delivered at the seat of operations. In the shaft that is being sunk on the Red Top vein there is reported as being in evidence four feet of ore that carries values of close to \$40 a ton in gold and silver, and the outlook is promising for a production proposition being developed within the near future.

It is expected that operations will be resumed in the near future on the Orleans property, operated by the Orleans Hornsilver Mining company. According to advices received in Tonopah, the litigation that was instituted by C. A. Terwilliger against J. W. Dunfee, will probably be adjusted in the near future, and Manager A. L. Darcy thought it best to suspend operations until the legal contestants had arrived at an agreement.

NINE YOUNG BOYS FACE JUSTICE CUDDY

Nine young boys, ranging in age from 13 to 16 years, were arrested last night by Chief of Police O. H. Smith, and will be given a trial before Justice Cuddy this afternoon at 3 o'clock. The boys have been in the habit of congregating at night back of business buildings where they have created much annoyance to people living in those localities. A number of complaints have been lodged with the police department of late, and the youngsters are going to have difficulty in extricating themselves from the meshes of the law. It is said that one or two of the young fellows have been before Justice Cuddy on a previous occasion. It is the intention of Justice Cuddy to make it plain that no rowdiness will longer be tolerated, and unless some of the young boys change their tactics they will find themselves on the road to an industrial school.

Yerington Elks Ready for Genuine '49 Camp

Mason Valley Elks are making big preparations for their '49 camp which will be a feature of the library carnival at Yerington Friday and Saturday. Monday 29 Elks met and completed final plans for the camp, and they promise those who go a rousing time. Faro tables, roulette wheels, an old-time bar and music and dancing are all down on the program. The '49 camp will be located in Rink hall.

Woman Discharged.

The charge of violating the state prohibition law, which was filed against Helen Smith, was thrown out of court yesterday afternoon by Justice Cuddy. It was discovered that the liquor alleged to have been owned by the defendant was not on her premises and there was no evidence to connect her with any law violation.

PERSONAL

H. A. DARMS left today for his home at Napa, California, the trip being made by auto.

MR. and MRS. MCGRAW and child departed this morning for Fonda, N. Y., where they expect to remain indefinitely.

P. A. SIMON, president and manager of the Simon Silver Lead Mining company, is here from Mina to look after business matters.

T. C. LINK, secretary-treasurer of the Silver Dyke Mining company, operating at Hornsilver, was an arrival in Tonopah last night from that camp. He reports things humming in the new-old gold-silver district.

JOE TOGNONI, well known mining man of Silverton, who is in charge of operations that are going forward on the Treasure Hills Nevada Mines company, was an arrival in Tonopah last night. He reports the property as showing splendid physical condition.

MRS. OLIVE STEWART, accompanied by Mrs. Ray W. Piercy and Charles Stewart, departed yesterday afternoon by auto for Austin, where Mrs. Stewart will attend a meeting held under the direction of J. W. McGowan, forest ranger, relative to the allotment of grazing lands in the Toiyabe reserve.

HERMAN ZADIG, well known mining man of San Francisco, and moving spirit of the North Star company of Tonopah, the Silver Pick company at Goldfield, and the Luning Consolidated company at Luning, will arrive in Tonopah Friday morning. Mr. Zadig will be here several days looking after development that is going forward on the properties in which he is interested.

SILVER FARMING IS AGAIN INAUGURATED

Silver farming is again in order, and Farmer Ben D. Luce has started narrowing the Belmont slime ponds. From now on he will be kept busy in preparing the ponds for the crop of silver and gold that will eventually result, and with the warm weather now approaching, harvesting will be in order during the summer months. Mr. Luce anticipated a prosperous season and the production of 2500 tons made last year is expected to be at least duplicated before the winter season has arrived.

ABATEMENT TRIAL IS TO BE HEARD SATURDAY

The abatement proceedings instituted against the owners of the U. & L. buffet on lower Main street, which was to have been heard in the district court this morning before Judge Mark H. Averill, was continued until Saturday morning at 10 o'clock. This is an action to make permanent the injunction granted restraining the occupant of the building from keep, storing, harboring or offering for sale any intoxicating liquor on the premises.

Cecil Douglas Is Held Esmeralda County Jail

Cecil Douglas is in the county jail again. He was arrested in Tonopah on a bench warrant issued out of the justice court at Goldfield and returned to that town to appear in court on a charge of disturbing the peace. This is an old charge on which he was "floated." The real reason for his return to Goldfield on the bench warrant is that he is alleged to have stolen \$200 worth of tools and machinery from the Lone Mountain district, according to the police. It is said that so far the only evidence against him is that he had possession of the machinery. He claims he was trying to make the sale for another person.

FISH GIVEN OPIUM ARE EASILY CAUGHT

(By Associated Press) LONDON, April 15.—(By Mail.)—A novel way of catching fish by Arabs was described by Lieutenant-Commander A. S. Elwell-Sutton in describing the work of the British gunboats on the river Tigris above Baghdad.

The natives there, he said, laid a groundbait of lumps of dough, containing a small quantity of opium. The fish swallowed that and, becoming stupefied, floated about with their white bellies upmost. Arabs went in pursuit of them on blow-up sheepskins which they manoeuvred with their feet whilst the hands were free to hold the landing net.

named Dowd, who at present is operating a ranch near Yerington. She was divorced by Dowd some time ago and Dowd since has remarried. Following the divorce Mrs. Phillips resumed the name of Spencer and was known by that name until she married Phillips.

The Spencer ranch, as it is known, was the scene several years ago of a tragedy which always has been shrouded in mystery, according to the Mineral county authorities. Two men who were employed on the ranch, disappeared, and later their bodies were found in Walker lake. One of them was badly mutilated and it was the assumption, in the absence of the facts bearing directly on their fate, that they were killed by a blast while dynamiting fish in the lake. At the time Mrs. Spencer told the officers who investigated the case that when they left the house they informed her they were going down to the lake to dynamite some fish.

The woman was divorced from her first two husbands.

Her third husband died in Pittsburgh in 1917, and her fourth in the same city in 1919, Stanton said. The children also died in that city.

The third husband carried \$1000 insurance, while the fourth was insured for \$5000, Stanton said.

Her fifth husband was a former soldier. She married him in Pittsburgh seven months after the death of her fourth husband and came here to live. He died suddenly about a year ago, leaving government insurance of \$5000. Efforts to have this increased to \$10,000 failed.

The woman claimed that death in this instance was due to her husband having been gassed overseas and no physician was called, Stanton said.

No traces of disability in the government records of this man could be found, according to Stanton.

The suspicious circumstances were reported to Prosecutor Stanton by officials of the Red Cross, which since her arrest has been caring for two children of the woman by her second marriage.

AMUSEMENTS

RICHARD TALMADGE IN A THRILLER AT BUTLER

The feature picture at the Butler today is Richard Talmadge, a protege and associate of Douglas Fairbanks, in his first special production, "Taking Chances." Here's a picture in which the world's greatest exponent of dare-devil stunts gives you a genuine riot of fun and thrills, pep and action, comedy, love—guaranteeing to drive away the blues. Brings to the screen a wholesome, gingery mixture of melodrama and vigorous comedy, crammed with whirlwind action, thrills, suspense and irresistible funny angles; with never a let-up in its headlong pace from the very start to its spectacular climax. "Taking Chances" packs tremendous wallop, rapid fire action, appealing romance; so, if you want something snappy, exciting, full of tense action—here it is.

Added to the program will be a two-reel Sunshine comedy, "A Perfect Villain." Tomorrow, "Miss Lulu Bett," a William DeMille production, and a splendid picture.

Nye County Convicts Are Seeking Parole

Tom Fong and Trinidad Gusman, both serving terms in the state prison, having been convicted in the Nye county district court, have applied to the state board of pardons to be released on parole. The matter will come up for consideration at a meeting of the board to be held on next Monday.

HUMAN MISERY IS RELIEVED BY RED CROSS

American Initiative Outlines the Work in Geneva for the Ensuing Twelve Months.

(By Associated Press)

GENEVA, April 12.—(By Mail.)—

To awaken the hygienic conscience of the world and to wage a crusade against human misery by prevention rather than by cure is the task which the League of Red Cross societies, founded by American initiative, has set itself for the coming year.

Addressing the third yearly convention of the league, Sir Claude Hill, director general, declared 85 per cent of the mental and bodily ills of humanity was avoidable.

"It is demonstrable," said Sir Claude, "that humanity at large, owing to its mishandling of itself, has succeeded in rendering nugatory, or at all events has failed to take advantage of the many discoveries

which science has placed at its disposal. Medical and hygienic science have advanced to such a point that by far the greater proportion of the disease and suffering in the world can be prevented if men and women but knew how to keep themselves healthy by their own intelligent volition."

The definite methods by which Red Cross activity can be directed to this end, the director-general of the league said, are three: The enlightenment of public opinion by popular health instruction; the development of public health nursing and the extension of the Junior Red Cross, the children's branch.

He gave many details of the remarkable work accomplished by the school children of America during and since the war and he believed more than anything else, would effect a revolution in the world's outlook upon the problem of preventable disease and avoidable misery.
